## RMU LABELS

**Descending  
Order  
RMUTD**

**Ascending  
Order  
RMUTA**

Not everyone loads their equipment the same way. Most people in the industry consider RMU "1" to be the first mounting unit at the bottom of their enclosure. Some people look at their racks and enclosures differently. They organize their electrical, data and communication equipment top to bottom, calling the top RMU "1". We can accommodate both.

Now, no matter how you wish to load your racks or enclosures, we can help with our RMU Tape, available in ascending order or descending order. Each set of labels has a black powder coat look and they are easy to "peel & stick".

### Part No. Description

**GL-RMUTA** Package of 4 RMU Labels in ascending order (1 on the bottom, 45 on the top)

**GL-RMUTD** Package of 4 RMU Labels in descending order (1 on the top, 45 on the bottom)
