

RACKS & CABLE MANAGERS

Simple ordering, in stock, quick shipping, easy assembly. There's no reason not to choose a rack and vertical cable manager combo from GLCC®. A single part number encompasses a two or four post rack as well as a 5" or 8" vertical cable manager (available in a front only or front and rear channel configuration).

Note: Interior product dimensions and outside diameter (OD) of cables determine a 50% fill ratio; CAT 6 OD, .25; CAT6A OD, .3

In stock and able to ship within
24-48 hours after receipt of order.
