## ADJUSTABLE LADDER RACK BRACKETS

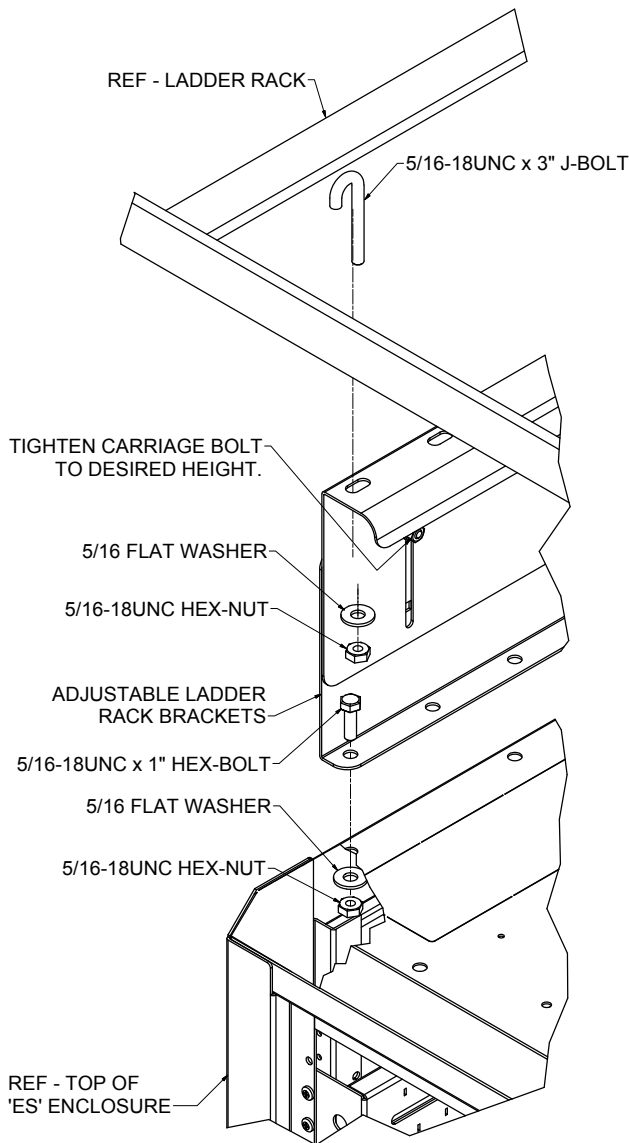

Cable trays and ladder rack can easily be supported with Great Lakes fixed height or adjustable height ladder rack brackets. Brackets easily attach to the top of Great Lakes Enclosures (creating an even path across enclosures of the same height) to facilitate overhead cabling. No infrastructure changes or additional supports for the ceiling are needed, as traditionally found when hanging baskets from the ceiling.

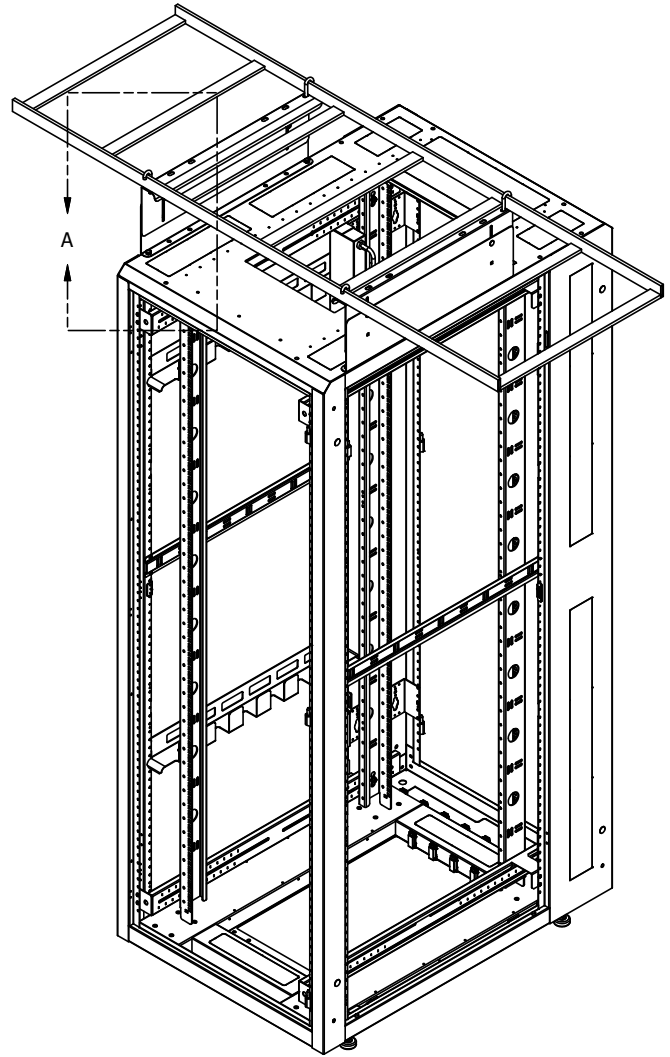

Great Lakes Adjustable Ladder Rack Brackets have been designed to attach to different height enclosures from a variety of enclosure manufacturers. Cut outs on the bottom of the bracket also accommodate the mounting pattern required for enclosures by other manufacturers. Once secured to the enclosure, the bracket can be adjusted to various heights so that it is level with brackets on other enclosures. When the bracket is at the desired position, it can be secured by tightening two nuts.

PART NO.	DESCRIPTION
LRB12A1	Single Height Adjustable Bracket (6.5" -11.5") with hardware, supports 12"W ladder rack; load rating of 100 lbs. on EN and ES enclosures
LRB12A2	Single Height Adjustable Bracket (14" -24") with hardware, supports 12"W ladder rack; load rating of 100 lbs. on EN and ES enclosures
LRB24A1	Single Height Adjustable Bracket (6.5" -11.5") with hardware, supports 12, 18, & 24"W ladder rack; load rating of 100 lbs. on EN and ES enclosures
LRB24A2	Single Height Adjustable Bracket (14" - 24") with hardware, supports 12, 18, & 24"W ladder rack; load rating of 100 lbs. on EN and ES enclosures
LRB-12	Single Fixed Height Bracket (3") with hardware, supports 12"W ladder rack
LRB-24	Single Fixed Height Bracket (3") with hardware, supports 12,18, & 24"W ladder rack
